TCM ONE

PARTNERSHIP PROPOSAL / 2026

INSTITUTIONAL

Build skills. Create opportunities.

A collaboration proposal for colleges, training institutes and learning communities.

PARTNERSHIP OPTIONS

01 Referral partnership

02 Academic / batch partnership

Practical, industry-aligned programmes powered by structured curriculum, technology-enabled learning and human mentorship.

EXPLORE THE PARTNERSHIP

thecodemunk.in/partner.html →

01 / THE OPPORTUNITY

Make practical learning part of your institution.

TCM One helps institutes offer relevant skill-building programmes without having to independently develop an entire curriculum, digital learning system or mentoring workflow.

2	20	1
FLEXIBLE MODELS	STUDENTS / PILOT BATCH*	CONNECTED LEARNING ECOSYSTEM

WHAT A PARTNER GAINS

01 **Faster programme launch**
Adapt existing learning tracks instead of building every academic asset from scratch.

02 **More practical exposure**
Offer guided assignments, case studies, portfolio projects and structured evaluation.

03 **AI + human assistance**
Combine AI-enabled first-line help with mentor guidance where support is needed.

04 **Visibility into learning**
Use available dashboards, attendance and progress reporting as agreed for each batch.

SUGGESTED STARTING PROGRAMMES

Full Stack & Web Development	Python & Automation	Frontend Development
Data Analytics	DSA & Problem Solving	AI Tools & Automation

* The 20-student minimum refers to the current academic partnership model. Programme availability, scheduling and delivery resources are confirmed jointly before launch.

02 / CHOOSE YOUR MODEL

Two models. One shared goal.

Select the level of involvement that matches your institution's academic resources, student community and operational priorities.

MODEL 01

Referral partnership

Introduce interested students to TCM One with limited operational involvement.

- Institute promotes approved programmes
- TCM One manages programme delivery
- Tracked successful paid enrollments
- Referral benefit per agreed terms

Best for: colleges, coaching centres and communities

MODEL 02

Academic partnership

Co-deliver a defined programme for a dedicated student batch.

- Minimum 20 students for a batch
- Mentor by institute or TCM One, as agreed
- Curriculum, project and platform support
- Milestone-based commercial arrangement

Best for: institutions running structured batches

RESPONSIBILITIES AT A GLANCE

WORKSTREAM	INSTITUTION	TCM ONE
Student outreach	Lead generation & local reach	Programme information
Academic delivery	Scheduling / faculty as agreed	Curriculum & mentor framework
Technology & reports	Coordinate learner access	Learning platform & tracking
Quality & outcomes	Student follow-up	Assessments, projects & reviews

Specific roles, programme scope and availability of platform features are confirmed in the final written agreement.

03 / A CLEAR COMMERCIAL VIEW

A model institutions can evaluate confidently.

The example below demonstrates a possible batch-level revenue split. It is illustrative only and is not an approved offer, income guarantee or binding quotation.

20	₹5,000	₹1,00,000
STUDENTS	FEE / STUDENT	GROSS COLLECTION

ILLUSTRATIVE ACADEMIC PARTNERSHIP SPLIT

40% Institute	60% TCM One

INSTITUTE SHARE	TCM ONE SHARE
₹40,000	₹60,000

Important: Illustrative 40:60 sharing is for discussion only. Final percentages, calculation basis, taxes, payment-gateway fees, refunds, discounts, marketing costs and payout schedules must be documented in a signed agreement. Referral commissions are negotiated separately.

BEFORE THE FIRST ENROLLMENT, WE AGREE ON

01 Programme, fee and batch capacity

02 Delivery owner and required resources

03 Revenue basis and payout milestones

04 Learner support and reporting scope

04 / FROM DISCUSSION TO LAUNCH

A simple path to our first cohort.

We recommend beginning with an agreed pilot before expanding into additional programmes or locations.

01
Discovery call
Understand demand, courses, target learners and the right model.

02
Joint programme plan
Confirm syllabus, fees, trainer availability, batch capacity and timeline.

03
Commercial agreement
Approve operational duties, data handling, support and payment terms.

04
Onboarding & launch
Set up authorised access, orientation, marketing and student intake.

05
Review & scale
Track enrollment, engagement, delivery quality and next-batch decisions.

START A CONVERSATION

Let’s build the right programme together.
